SEquipment Source Inc.

Standard Features

- Kubota 4-cylinder diesel engine
- Electronic speed governing provides isochronous speed regulation, no load to full load
- EPA tier 4 compliant
- Liquid cooled with industrial grade radiator and belt driven blower fan
- Manual safety shutdown override, fuse protection
- Safety shutdowns, energizedto-run, for low oil pressure/high coolant temperature
- Four anti-vibration mounts between gen set and base
- Electric fuel transfer and priming pump (12 VDC)
- Battery cables for 12 VDC starting system
- Key start panel with hour meter

Powered by a Kubota diesel engine, this generator set produces 18 kilowatts of prime power output. The engine is directly coupled to a Mecc Alte generator, and the entire set is mounted on a rugged steel skid. All components are suitable for prime or intermittent usage. The KPG 18kW is constructed to UL approved standards, and is thoroughly load tested prior to shipment.
